DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: there are no prior arts teaching or suggesting of an apparatus and method of associating a location of a particular reporting tire pressure sensor on a vehicle, comprising:

a plurality of tires each including a tire pressure sensor operable to send a tire pressure signal including a code;

an initiation member associated with each of the tires, the initiation member being operable to send an initiation signal to its respective tire pressure sensor causing the respective tire pressure sensor to send a response signal, each of said initiators having a unique frequency of sending out said initiation signal; and

a control for receiving said response signals and identifying a particular location on a vehicle based upon a frequency of said response signals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from examiner should be directed to primary examiner **Van Trieu** whose telephone number
